

## STARSHIP CONSTRUCTION FACILITIES

Within the Federation, there are currently 22 major civilian and military shipyards, accounting for over 95 percent of all starships constructed annually. At present, these yards produce a total of over 4,500 warp-driven vessels each year. The following is a breakdown of average starship construction by vessel type and location as of 2286.

## STARSHIP CONSTRUCTION FACILITIES

Within the Klingon Empire, there are currently 11 major military shipyards, accounting for over 99 percent of all starships constructed annually. At present, these yards produce a total of over 1,500 warp-driven vessels each year. The following is a breakdown of average starship construction by vessel type and location as of 2286.

## STARSHIP CONSTRUCTION FACILITIES

Within the Romulan Star Empire, there are currently 8 major civilian and military shipyards, accounting for 100 percent of all starships constructed annually. At present, these yards produce a total of over 1,600 warp-driven vessels each year. The following is a breakdown of average starship construction by vessel type and location as of 2286.
