NOTES:

Known Sphere Of Operation: Klingon border
Data Reliability: E
Major Data Source: Romulan Sector Intelligence

The *Dagger of Retribution* served with distinction throughout it's career along the Triangle and Klingon border. It's impressive list of 51 successful combat raids remains as a tribute to it's crew and captain. The *Retribution* was declared missing in early 2338 after attempting to contact the Kinshya, a race the Romulans had very limited contact with. Reports indicate that the *Retribution* did successfully transit through Klingon space but may have been mistaken for another Klingon vessel by Kinshaya forces. No wreckage has ever been located.
