### Known Sphere Of Operation:

Federation border; Triangle; Klingon border; Coreward frontier; Cardassian border

### Data Reliability: D

Major Data Source: Romulan Sector Intelligence

The *Courageous Vindicator* is another in the list of 'long service' captured Klingon vessels. First fielded in 2284, the *Vindicator* served along the Klingon border for nearly 40 years before being transferred to exploration duties. The *Vindicator* conducted exploration and survey missions for the next 10 years before being recalled for her first refit.

Once the *Vindicator* returned to active service, she would serve along the Federation border posing as an IKS vessel and then eventually deep into the Triangle attempting to destabilize Klingon relations in that region.

In 2368, the ship was assigned to interior patrol duties but was refit in 2374 in anticipation of the Dominion War. The *Vindicator* survived the war and was assigned to patrol duties near the 'Artifact' following the destruction of Romulus. The *Vindicator* is now under the Romulan Free States flag and is listed for sale.
