NOTES:

Known Sphere Of Operation: Klingon border, Cardassian Border

Data Reliability: D

Major Data Source: Romulan Sector Intelligence

The *Unconquerable Retribution* is know for having one of the best infiltration records of any Stolen Vengeance vessel, despite it age and condition. Records indicate that the *Retribution* was able to enter Klingon held systems and gather intel on no less than 67 different occasions, and is rumored to have spent several days undetected at ty'gokor. The *Retribution* would prove to be instrumental during the Dominion War where her battle record of Jem'Hadar vessels killed was unmatched in the first 6 months of the Romulans entering the conflict. However, the *Retribution* did suffer significant damaged towards the end of the conflict and was eventually scuttled in mid 2375.
